What is a Target Market Determination?

A Target Market Determination (TMD) sets out who an insurance product is intended and suited for, who it may not be suitable for, and how the insurance product should be distributed. A TMD is a requirement under the *Corporations Act 2001* (Cth) to ensure financial products (which includes insurance products) are directed toward the appropriate customers.

This TMD applies to the ReadySet Insurance travel insurance policy designed and distributed by 360 Underwriting Solutions Pty Ltd ABN 18 120 261 270, AFSL 319181 (360 Underwriting) and its Authorised Representative (AR 1315592), 360 Leisure Travel Pty Ltd trading as ReadySet Insurance ABN 81 681 928 254 (ReadySet Insurance).

About This Document

This TMD applies to travel insurance policies issued by ReadySet Insurance.

ReadySet Insurance issues, varies and disposes of the travel insurance product on behalf of Certain Underwriters at Lloyd's led by Canopus Managing Agents Limited, Syndicate 4444 (Insurer).

ReadySet Insurance claims administration is managed by Corporate Services Network (CSN).

This document outlines:

- + The intended class of retail clients for the ReadySet Insurance product.
- + How the ReadySet Insurance product is distributed.
- + Events or triggers that will lead to review of this TMD.

This document is not intended to be read or provided as personal financial advice and it should be read alongside the Product Disclosure Statement (PDS). ReadySet Insurance do not act as your agent, rather it acts as agent under a binding authority for an insurer as outlined above.

Optional Add-On Packs

- + **Cruise Pack:** This pack must be selected if the traveller is going on a cruise of two nights or more. This option enables access to cruise-specific benefits such as onboard medical expenses, missed port departure, cabin confinement, prepaid shore excursion cancellation, ship-to-shore evacuation, and more as outlined within the PDS. If this pack is not selected prior to travel, claims arising while cruising will not be covered. The Cruise pack must be added before departure and cannot be applied retroactively.
- + **Winter Sports Pack:** Required for cover while participating in winter sports including skiing, snowboarding, tobogganing, or tubing. This pack is only available to travellers aged 64 or younger. Benefits include cover for piste closure, damaged or stolen ski equipment, hire of replacement equipment, lift pass reimbursement, and avalanche or bad weather closures. A double excess applies to medical claims. The winter sports pack option must be selected and a policy issued no later than 24 hours before engaging in any snow activity. The winter sports pack is not automatically included in any plan.
- + **Rental Motor Vehicle Excess Pack:** All plans include a default \$5,000 cover for rental motor vehicle insurance excess. Travellers have the option to upgrade to \$8000 cover for an additional premium. This applies only if the motor vehicle rental agreement is in the policyholder's name and does not cover, off-road driving, motorcycles, or non-standard motor vehicle types. This benefit does not apply if the vehicle is hired from any car sharing company. Travellers must check that their intended motor vehicle type and usage complies with the terms in the PDS.

Pre-Existing Conditions

Only unforeseen medical events are covered under the policy. ReadySet Insurance takes a specific approach to pre-existing conditions and does not cover any claims arising from pre-existing conditions, unless those conditions are accepted by ReadySet Insurance. All pre-existing medical conditions must be declared and assessed via our online screening process or via our call centre. Only upon written confirmation of acceptance by ReadySet will a specific medical condition be covered under the policy.

Note that:

- + Any undeclared or declined conditions are not covered under the policy and may void related claims; and
- + A medical assessment process may be required at the time of purchase and may include additional premiums or exclusions at our absolute discretion.

Pregnancy Coverage is subject to strict limitations:

- + Cover is available for single-foetus pregnancies up to 24 weeks and for multiple pregnancies up to 19 weeks.
- + No cover applies for routine check-ups, prenatal visits, or planned birth services.
- + Complications related to pregnancy may be considered for cover only if they arise unexpectedly and are not linked to a known pre-existing condition. In all cases, such complications must be fully disclosed during the quote process and are subject to a medical assessment as directed by ReadySet Insurance. Acceptance is not guaranteed and, if declined, the traveller will not be covered for any claims relating to associated costs or outcomes. No cover is provided for complications arising from a pregnancy that has already progressed beyond the applicable gestational limits or for complications that were foreseeable prior to purchasing the policy.
- + No cover is available after the applicable gestational limits, and no cover is provided if complications were known or foreseeable.
